Features

Iraq Update

4

At press time, violence continued in Iraq even as U.S. and coalition forces continued to rebuild the nation devastated by decades of Ba'ath regime rule.

Space Soldiers

16

Six Army astronauts are playing a role in the construction of the International Space Station.

Don't Bolt

22

When a soldier goes AWOL or deserts, he is only setting himself up for failure down the road.

Accounting for the Missing

24

The U.S. Army Central Identification Laboratory and Joint Task Force-Full Accounting are consolidating to better carry on the search for the nation's missing service members.

Identifying the Recovered

28

Identifying the remains of missing service members is a complex and challenging task.

At the Falls of the Ohio

31

In October 1803 the Lewis and Clark Expedition tackled a daunting obstacle on the journey west.

The Sleep Factor

38

Sleep deprivation has always been a factor in military operations, and the Army won't rest until it understands the problem and its solution.

Inside EREC

42

Here's what you need to know about the Enlisted Records and Evaluation Center.

Ensuring Common Access

45

The Common Access Card is coming for all soldiers, civilians and contract employees.
